

Kids Camp 2021

June 7-10 – Fun & Fitness – Mud Creek

Get warmed up and ready for a week of fitness fun. Learn about different types of fitness including field sports, yoga and track. Explore what it means to be healthy and active and why it is important to get our heart pumping and our bodies moving.

June 14-17 – Camping Camp – Promise Rd

The tent will be up, the campfire roaring, and animals ready for our adventure. We'll take nature walks, explore and collect natural materials, and turn them into artwork, and play campsite games.

June 21-24 – Creative Art – Mud Creek

Come join us explore the process of art through creativity, mixing, science and more. It may get messy but that is where the fun begins! You can be the creator of your own masterpieces.

June 21-24 – Dinosaur Camp – Promise Rd

Ever wonder what it was like long before you were on Earth? Come and explore the land when dinosaurs roamed. We'll learn about different dinosaurs, what they ate, how they lived, and what happened to them.

June 28-July 1 – Kids in the Kitchen – Mud Creek

Let your little one be a sous chef! We will mix and measure, bake and decorate together! We will even go into the outdoor classroom and use the mud kitchen and make "food" using nature!

June 28-July 1 – Pirates & Princesses – Promise Rd

Calling all Pirates, Princes, and Princesses to join us on an adventure! Off we go to when pirates ruled the seas and royalty ruled the land! Arrgg, Your Majesty, this camp is filled with a bounty of games, activities, music, and more!

July 12-15 – Construction Junction – Mud Creek

Come explore all about building and designing. We will have fun with legos, blocks, magnets and more. Try building challenges like a bridge for your favorite toy to cross or a space ship to fly high, and see how your design holds up. Great STEM building for all ages.

July 12-15 – Space Invaders – Promise Rd

Step into space and become an astronaut during our voyage together. We'll venture off to explore and learn about the planets and astronauts, and even build our own time capsule just like the astronauts left on the moon.

July 19-22 – S.T.E.A.M. (Science, Technology, Engineering, Art, Math) – Mud Creek

Join us for a fun week with science, math, art, and more! Campers will explore a new theme everyday with hands-on activities and projects. STEAM learning applies math, science, and technology content to solve real-world problems through hands-on learning activities and fun creative design.

July 26-29 – Reading Camp – Promise Rd

This Disney-themed camp is for readers of all ages. We will focus on a few beginning sight words, word families, as well as reading simple, fun books. Teacher groups, centers, games, and crafts will be part of these fun days.

August 9-12 – Water Camp – Promise Rd

Grab your towels and your flip-flops and be prepared to get WET!!!! There will be various water play activities each day.

August 16-19 – Pirates & Princesses – Mud Creek

Ahoy, Me Maties! Come enter the enchanted land of far, far, away. Our magical theme invites your preschool children to enjoy learning while being a princess and pirate.

WDM Elementary Camp 2021

June 14-17 – Nature Quest – Promise Rd

This camp utilizes the beautiful prairie and outdoor classroom space. We'll create art with materials found in nature, build structures using natural materials, and learn about the prairie and the natural spaces from God's perspective.

June 21-24 – Creative Art – Mud Creek

Let's make ART! Kids will have a blast creating unique projects they will be proud to show off! They will explore a variety of methods for art making including collage, mosaics, tie dye, shaving cream painting, and more!

July 12-15 – Space Quest – Promise Rd

From experiencing how rockets work to learning about the stars, this camp will put your child on a mission of fun!

July 19-22 – S.T.E.A.M. (Science, Technology, Engineering, Art, Math) – Mud Creek

Join us for a fun week with science, math, art, and more! Campers will explore a new theme everyday with hands-on activities and projects. STEAM learning applies math, science, and technology content to solve real-world problems through hands-on learning activities and fun creative design.
